# Report of the statutory auditor to the General Meeting of Members on the limited statutory examination of The Global Initiative against Transnational Organized Crime, Geneva

As statutory auditor, we have examined the financial statements (balance sheet, statement of income and expenses and notes) of The Global Initiative against Transnational Organized Crime for the financial year ended December 31, 2022.

These financial statements are the responsibility of the Board. Our responsibility is to perform a limited statutory examination on these financial statements. We confirm that we meet the licensing and independence requirements as stipulated by Swiss law.

We conducted our examination in accordance with the Swiss Standard on the Limited Statutory Examination. This standard requires that we plan and perform a limited statutory examination to identify material misstatements in the financial statements. A limited statutory examination consists primarily of inquiries of entity personnel and analytical procedures as well as detailed tests of entity documents as considered necessary in the circumstances. However, the testing of operational processes and the internal control system, as well as inquiries and further testing procedures to detect fraud or other legal violations, are not within the scope of this examination.

Based on our limited statutory examination, nothing has come to our attention that causes us to believe that the financial statements do not comply with Swiss law and the association's articles of incorporation.

### Operation from previous years

Operating revenue from previous years

2021

Following the VAT affiliation, the final assessment from the Swiss authorities was concluded in 2021. The association received back all the payments that were made in excess for the years 2018 and 2019.

#### 2022

From 01 January 2022, Computers bought by the organisation have been considered as fixed asset while previously considered as expenses during the year of purchase. Computers that were bought in the previous years have been capitalised on 1 January 2022 for a total amount of CHF 31'049, thus generating revenue from previous year. Finally, a correction on a partner's invoice had to be filed.

### Operating charge from previous years

2021

Subsequent to the VAT affiliation, the association received the invoices for the radio and television fees related to Swiss public transmissions.

2022

Several invoices related to the year 2021 have been received after the conclusion of the audit last year.

#### **Contingencies and litigations**

During the 2020 year, a third party individual instigated proceedings against three GI staff members alleging defamation for a paper published under the EU-funded ENACT programme in 2018.

The GI-TOC has engaged legal counsel who considers that the claim has no merit, and they have recommended that to defend by all means necessary against the allegations which have been filed in the High Court of Kenya. An interlocutory procedural motion was refused in March 2021. Once the case begins, the process is likely to take upwards of 18-24 months to conclude. There were no significant developments in 2022 in relation to this case.

Accordingly, and in line with Swiss regulations, a contingent liability has been made in the financial statements to cover litigation costs and the required percentage of a potential judgement.

### Subsequent events

The Management assessed subsequent events occuring after the date of the annual financial statements for the year ended 31 December 2022. It has not noted the existence of any significant event likely to require any modification to the annual accounts.
